

## EIFS Contractors Program

Jencap's exclusive EIFS Contractors Program is uniquely designed for EIFS Applicators/Installers performing commercial work with 35% or more EIFS installation work. With our comprehensive liability limits, no restrictions on substrate, and coverage availability in 47 states, Jencap is the insurance one-stop shop for all of your clients' EIFS contracting liability needs.

### PROGRAM TARGET RISKS:

- Commercial work such as hotels, hospitality, healthcare, education, retail, offices, apartments with 35% or more EIFS work
- \$750K–\$10M in revenues
- Insured has “EIFS Doing It Right” certification (preferred, not required)
- All states (except AK, HI and LA)

### PROGRAM COVERAGE:

- 1/2/2 General Liability
- \$2M Excess Liability

### ELIGIBILITY REQUIREMENTS:

- Minimum three years in business
  - Seven years of installation experience if new venture
- 35% or more work must be EIFS work
  - Commercial work (hotels, hospitality, healthcare, education, retail, offices, apartments)
  - Drainable EIFS products
  - No restrictions on substrate (wood frame acceptable)
- \$12,500 Minimum GL Premium (minimum premiums vary by state)

### INELIGIBLE RISKS:

- Risks with inadequate EIFS experience
- Risks installing EIFS on tract homes, condos, or townhouses (some custom home acceptability)
- Risks performing roofing work or solar panel installation
- Any risks performing brick pointing, façade restoration or scaffolding work
- Risks subcontracting over 50% of work
- Roofers

### SUBMISSION REQUIREMENTS:

- Jencap EIFS program application
- Acord Applications
- 5 years currently valued GL loss runs
- EIFS Manufacturers Certifications
- EIFS Educational Certifications
- Work on Hand Schedule
